Professional Summary

I am a dedicated and detail-oriented Software Developer with a Bachelor of Science in Computing (Software Engineering). I have experience creating and optimizing websites, managing MySQL databases, and developing user interfaces using HTML, CSS, JavaScript, and PHP. I am proficient in utilizing Figma for design purposes, Git for version control, and Agile methodology for project planning. I excel in collaborative team environments and possess strong problem-solving skills across various programming languages, including Python. Additionally, I have experience in mobile app development using Java and Flutter. I am committed to delivering high-quality web solutions and continuously enhancing my technical skills.
